Authorize.Net®

# **Increase** Your Revenue

Reliable Residual Payments

Since 1996, no payment gateway has paid out more in residual payments than Authorize.Net. We generate leads for qualified resellers via our online Reseller Directory, which thousands of prospective merchants view each month. Our competitive buy-rate program maximizes your income on a per-merchant basis, providing recurring residuals for as long as a merchant remains active.

Payment Gateway Portfolio Conversions

Give your merchants the long-term security and reliability they deserve with an Authorize.Net Payment Gateway account. Ask us about our industry leading conversion incentives and learn about the benefits of converting your merchant portfolio to the Authorize.Net platform.

Brand Recognition and Reliability

Authorize.Net is trusted by hundreds of integrated partners and over 425,000 merchants. We have processed billions of transactions. Your merchants can start accepting payments easily and feel confident that their transactions are reliable and secure.

Make Your Job Easier

Merchant Provisioning

Authorize.Net provides two easy ways to board merchants. Simply log into the Reseller Interface to set up new merchants with the pricing you've established, or utilize our merchant boarding API to automate the process from a website or other application.

Free Merchant Billing

Unlike other payment gateways, Authorize.Net saves you time and money by offering free merchant billing. You set the pricing—Authorize.Net bills and collects from your merchants, and pays out your earned residuals.

Track and Manage Your Merchant Portfolio

Generate and download reports to review merchants' processing activity, and view residual totals and billing statements for your Authorize.Net reseller account.

Complimentary Training

Our online training courses can show you how to leverage the Authorize.Net platform to create new revenue opportunities and attract promising new merchants.

Free Support

Reseller support is available Monday through Friday from 6 AM to 5 PM Pacific time (closed major holidays). Authorize.Net also provides free merchant support 24x7 so you can concentrate on what you do best—selling.

Simplifying Payments

Since 1996, Authorize.Net has been the preferred payment gateway for resellers. Our unrivaled Reseller Program is designed to make you more successful. Whether you are an Independent Sales Organization (ISO) or a Merchant Service Provider (MSP), you can tap into a lucrative market by providing your merchants with secure and reliable payment processing and additional services from Authorize.Net.
